ABOUT THE UNIVERSITY

The Assam Royal Global University (RGU), Guwahati, Assam is a leading University in North-East India committed to provide unparalleled education to render holistic development of the students. It caters to 27 Schools, offering 130+ courses. Nestled in the prime location of Guwahati, the campus is well accessible. RGU is spread over a picturesque 27 acres of land with about 12 lakh square feet built-up area. The campus is secured, well-maintained, and facilitated with state-of-the-art amenities, including conducive classrooms, conference rooms, auditoriums, studios, moot court, 85+ high-tech laboratories, and libraries. One of the strongest pillars of RGU is its highly qualified and well-experienced intellectual capital (300+ faculties), who also serve as the motivation catalyst for 7000+ students. Learning at RGU goes beyond the classrooms and textbooks. RGU strives for academic excellence through research-intensive and industry-oriented education instilled with a strong sense of becoming a global citizen.

ABOUT THE DEPARTMENT

Department of Mathematics is a constituent part of Royal School of Applied & Pure Sciences was formed in July, 2017 under Royal Global University, Guwahati. At present the department is offering courses like B.Sc. Mathematics, B.Sc. Mathematics & Computing, M.Sc. Mathematics, M.Sc. Mathematics & Computing. The department has also started the Ph.D. programme from July 2018. All the faculty members of the department are actively involved in research and published their research findings in reputed International Journals. The department is blessed with three senior experienced faculty members along with 8 young, energetic and dedicated faculty members.

ABOUT THE WORKSHOP

LaTeX is a document preparation system for high-quality typesetting which is often used for technical and scientific documents. This workshop will provide the academicians as well as the budding researchers with hands-on experience with LaTeX. Another goal of this workshop is to provide participants with the knowledge and practical skills regarding scientific research writing and which will be helpful to conduct effective research. At the end of the workshop, participants are expected to develop their own research proposal and publication of research papers in targeted journal.
