Mahatma Gandhi University,
Kerala***

ABOUT THE WORKSHOP

This workshop aimed to provide comprehensive training on Koha's installation, customization, and management, enhancing the technical expertise of library professionals, academicians, and students. Featuring sessions by renowned experts, hands-on training, interactive panel discussions, and ample networking opportunities, the event facilitated the exchange of best practices and innovative solutions for library management. Participants left with valuable insights and practical skills, empowered to implement and leverage Koha effectively in their institutions, reflecting the university's commitment to promoting advanced library technologies and continuous professional development.

ABOUT THE KOHA

Koha is an Integrated Library Management System (ILMS) that is widely used in libraries around the world. It is an open-source software, which means it is free to use, modify, and distribute. Koha is highly flexible and scalable, making it suitable for libraries of all sizes, from small community libraries to large academic and public library systems.

ABOUT THE UNIVERSITY

The Assam Royal Global University (RGU) in Guwahati, Assam, is a premier institution offering diverse undergraduate, postgraduate, and doctoral programs. Renowned for its state-of-the-art infrastructure and distinguished faculty, ARGU emphasizes experiential learning and cutting-edge research, ensuring graduates are well-prepared for global careers. The university fosters holistic development through vibrant campus life and strong community engagement, promoting civic duty and ethical leadership. ARGU's commitment to academic excellence, innovation, and social responsibility makes it a leading educational hub in Northeast India, dedicated to nurturing the next generation of leaders and innovators.
