1. For Skill Enhancement Courses (SEC), each programme shall identify their own and place the name of the courses in their curriculum structure.
2. For Value Addition Courses (VAC), there shall be a list of courses to be offered centrally. Development of such courses is supervised by Mr. Jugal Kishore Bhattacharyya. Upon finalization, the list shall be made available to all concerned.
3. For Ability Enhancement Compulsory Courses (AECC), there are CEN and BEH to be offered in both 1st and 2nd Semester compulsorily. Each programme shall define the same in their structure and enclose the copies of the syllabus in their document.
4. There may be a few departments who shall include some of their core courses in GE category. Although, the type of the course will be GE but treatment of the paper in terms of classes will be as core paper. This is because a few programme may identify courses which should be compulsorily taught to the student but due to lack of placing of the subject in the framework, they have to show such courses as Generic Elective. E.g. BBA, B.com.. HM etc.
